

Regulations regarding the annual Taylor & Francis prize for the best paper published in JDEA.

With the approval of the Board of Directors, the President appoints a Prize Selection Committee (PSC) every year. PSC shall consist of five members of the society; one of whom is an Editor in Chief of JDEA.

The Prize selection Committee mandate is to select the best paper in difference equations and discrete dynamical systems published in JDEA the year prior to the annual meeting of ISDE. It will submit its recommendation to the President of the Society in March.
